

Deep Discounts!

If you read the Testimonials page on my website you know that my leads are proven to pull results for way more than a year, so the fact that these discounted leads are from the previous quarter doesn't matter. And to improve your chances of success this list is refreshed quarterly, goes to only 25 clients then is retired.

Of course at this price I'm unable to print and ship labels so I'll put this list on a CD and rush it to you by USPS 2-Day Priority Mail. Your leads will be preformatted to print automatically. Just put blank labels into your printer, open this Word document, hit the 'Print' button and *your labels will print **automatically!*** I'll also include your leads in a Spreadsheet and in a CSV file for total flexibility. *If you must have labels I'll print them for you for an additional \$100, including labels and additional postage.*
